Men May Live Vigorous, Hale and Hearty for 100 Years

Prime of Life at 80 Years of Age Man thoughtlessly has been dying too young. Dr. Lyman Beecher Sperry in his recent address on the "Science of Life," before the Y. M. C. A. of Chicago, said that man may live possessed of his faculties and useful for 150 years. Professor Elie Metchnikoff, the eminent Russian scientist, after a life of research

and scientific study, says that we can successfully combat old age.

The fact that a person can live to be over 100 years old in the enjoyment of strength and health has been proven by many of our physicians and scientists and 4,000 hale and hearty old men and women, all of whom, either in their practice as doctors or by actual use, have become familiar with the life-pro-longing, health-giving powers of Duffy's Pure Malt Whiskey.

VIGOROUS AT 108 YEARS OF AGE.

Edward Nays, of Unity Carners, N. H., Born in 1797, and a Here of Twa Wars, WritestAnnold man's life can be a happy one if he is well, and I have been just as
active and attung up to a few years ago as I was during the war in the South. My
family and threads are all gene, but I am cheerful and hope to live some time yet.

Was born in what is now Unity Corners, N. H., in 1797.

Thave been precity well all my life, but when I began to grow weak my doctor
fold une if was old age and gave me Duffy's Pure Malt Whitkey. I am taking shat
medicane me wand it is both medicine and nourishment to me. I cannot eat a hearty
meal the way I used to, but Duffy's keeps me up and going. I would not be alive
without it."

"Gentlemen:—I am 165 years old. I am well, without a pain or ache. I sleep twell as I did when I was a girl, I use your whisker and like it very much. Duffy's ure Mait Whisker is the outy medicane I use. I get water from the well, bring in bod and do my housework."—Mrs. LOUISA COX, Harrington, Maine.

Dr. J. A. C. Chandler director of the department of education at the Jamestown Exposition, will deliver a lecture in the chapel at Richmond College Tuesday evening at 8:15 o'clock. This lecture will be on the Jamestown Exposition, but will deal especially with the department of history and education at the exposition. The lecture will be free to the public, and no ticket of admission is required. It is expected that a large audience will assemble to hear Dr. Chandler on this subject of widespread interest. He was for several years professor of English in Richmond College, and is well qualified in every way to treat this subject in a mainer that will give the citizens a fair idea of what has been accomplished at Jamestown, what is now being done, and what they may expect when they see it at its opening.
